

AMENDMENTS TO THE SPECIFICATION:

Please amend the specification as follows:

At page 14, please replace the second paragraph with the following new paragraph:

Q1 The memory controller 220 is a processing part for controlling ~~writing-in writing-~~
~~in~~ and reading-out of the data with respect to the memory 222. The image data that is
read out from the memory card 32 is stored in the memory 222 by the processing of the
memory controller 220. The image data in the memory 222 is outputted to a liquid crystal
display (LCD) controller 224, a D/A converter 226, and a print controller 228, and so
forth in accordance with the instruction from the system controller 214.
